

INSTITUTIONAL REPOSITORY SERVICES

Research repositories, built to last.

We design, deploy, and run DSpace institutional repositories for universities, colleges, and research institutions across Ghana and West Africa. From first install to long-term care, one accountable partner.

 **NOW LIVE**

ir.ucc.edu.gh — University of Cape Coast. Rescued from an end-of-life server and rebuilt on DSpace 8 with a modern Atlas interface. Live, indexed, and under our managed care.

Deploy Stand it up

IR Deployment & Branding

DSpace with the Atlas interface, configured to your identity and taken fully live.

- Custom theme, logo and domain
- Full data migration from any system
- Communities and collections set up

from **¢25,000** one-off

Operate Keep it running

Managed Service & Hosting

Monitoring, tested backups, security patching, version upgrades, and a support SLA.

- Uptime monitoring and alerts
- Off-site, restore-tested backups
- DSpace version upgrades included

from **¢18,000** / year

Grow Get more from it

Bulk Ingest & Digitization

SAF batch import, metadata cleanup, and scanning of legacy print theses.

- Batch SAF import at scale
- Metadata QA and cleanup
- Scan and OCR legacy print

from **¢8** / record

DOI / Handle Registration

DataCite DOI setup and ongoing minting so every output is citable and permanent.

- DataCite account and prefix
- Automated minting on deposit
- Persistent, resolvable links

from **¢9,000** setup

Analytics & Reporting

Download and usage dashboards that give management the numbers they ask for.

- Views and downloads per item
- Top authors, units and countries
- Quarterly management report

from **¢5,000**

Training Workshops

Hands-on sessions for librarians and faculty on mediated and self-archiving.

- Librarian administrator training
- Faculty self-archiving clinic
- On-site or online delivery

from **¢4,000** / day

Discovery Optimization

Google Scholar indexing, OAI-PMH harvesting, ORCID and ROR integration.

- Google Scholar ready
- OAI-PMH endpoint tested
- Author and institution IDs

from **¢6,000**

Originality-Check Integration

Similarity and AI screening wired straight into your deposit workflow.

- Similarity and AI-writing checks
- Report on every submission
- Gate deposits on your policy

from **¢7,500**

Full-Stack Bundle

Koha library system and repository under one contract, one accountable vendor.

- Koha catalogue and OPAC
- Repository fully integrated
- One SLA, one point of contact

from **¢40,000** / year
